Assessments and Charges in Washington Department of Corrections Facilities: *A Review and Analysis*

This document serves as a supplementary addition to the [Assessments and Charges in Washington Department of Corrections Facilities: A Review and Analysis](#) report. In this document, we provide a comprehensive, itemized list of all items in e(i) of the assignment, including the average unit cost, average unit price, and average gross profit margin¹ in fiscal year 2024. The items are organized into the following categories, which align with those used in the report:

- 1) Food Package Program
- 2) Commissary Items²
- 3) Personal Hygiene Items (Manual)
- 4) Media, eMessaging, & Other Electronic Services
- 5) Stationery, Mail, & Postage
- 6) Phone Calls
- 7) Property Package Program
- 8) Medical, Dental, & Mental Health Co-pay
- 9) Eyeglasses Repair & Replacement
- 10) TV & Recreation
- 11) Education
- 12) Other Items & Services under RCWs 72.09.450 and 72.09.470

Note that some information is not available for certain items. Light blue is used to indicate imputed values, while “-” denotes unavailable values. See details below.

¹ The margin is the gross profit margin that is defined as the difference between the price charged and the cost of the item, divided by the price. It represents the portion of gross profit collected by the Department of Corrections from incarcerated individuals who purchase items and services offered either by the department or its approved vendors. Note that operation expenses and other costs are not deducted. Here, the cost of items provided by the approved vendors reflects the DOC’s perspective, rather than that of the approved vendors. It should be noted, however, that approved vendors may apply additional charges to generate profit.

² For commissary items, we also report the average unit price from the selected comparable vendor, Walmart, based on its prices during the fourth quarter of 2024.
